Progress to date:	This has been ongoing through out the year. Materials have been gathered but nothing has been put into "folders" yet. Since we are doing the conference this has been put to the side until the completion of the conference.
Affiliate Technical Assistance	A public policy committee including one chair person and one co-chair person will maintain communication and resources between and at scheduled board meetings on the following topics: membership, communication w/members, becoming a leader, issues, website focus on K-3 and all other NAEYC/SDAEYC information
Progress to date:	We have developed our public policy committee. They are to report at each board meeting according to updates from all of the above. We have one chair and one co-chair
Business Practice	Participate in SDAEYC's membership recruitment and retention campaign. Create a DMAEYC newsletter in which all members will receive two times a year.
Progress to data:	We have created a newsletter and we send one out in the Fall and Spring of the year or as we see needed.
Governance	A new board member packet will be created to include all information for incoming board members.
Progress to date:	A binder has been created for all board members coming into office. Each board member attends an orientation and then each current officer goes through with the new board member individually.

Public Awareness	DMAEYC Fall Mini-Conference committee will include a short informative session on the roles and responsibilities of DAMEYC to SDAEYC and NAEYC.
Progress to date:	This will take place at the next miniconference. Unfortunately we had to cancel the fall mini conference due to our main speaker had an accident and could not attend.
